# OUR SOFTWARE

### *THE <u>COMPLETE</u> SOFTWARE SOLUTION FOR ANY FLOORING DISTRIBUTOR'S NEEDS*

You can't manage what you don't measure. Period. Gartman DMS is the ULTIMATE measuring tool. The ability to see how a business is performing is paramount. Advanced analytics and reporting capabilities give Gartman customers' the power to identify trends, pinpoint successes, and quickly eliminate inefficiencies.

With DMS it's a snap to view the overall health of a business at every level – by company, branch, customer, invoice, line item, and specific GL detail. Data is as current as the last transaction.

Gartman DMS is specifically built for wholesale flooring distributors, **while generic ERP distribution software packages overlook the unique challenges of the floor covering industry** such as:

- Rolled Goods
- Dye Lots
- Small Lot and Remnant Waste
- Displays
- Rebates
- Pricing Models
- Wide range of Units of Measure
